# RUBY Tech Inc.

\* Ruby-Tech's strong lines.

U.S.A: Ruby-Tech Inc., Phone: 212-725-4670, Fax: 212-725-4680, Web-site: [www.ruby-tech.com](http://www.ruby-tech.com)

Europe: Ruby Tecnolgia SL, Phone no.: 900-989-782, Fax: 900-989-787

## ABOUT RUBY TECH INC.

Ruby-Tech Inc. was established in 1999 as an Independent Global Distributor with channels to the U.S.A, Europe and the Far East. Ruby-Tech is a supplier of components to OEM's, CEM's, and VAR's throughout the world. We, at Ruby-Tech, pride ourselves on our outstanding **SERVICE** and **DEDICATION** to **QUALITY** that insures total **CUSTOMER SATISFACTION**. At Ruby-Tech, customer service doesn't stop after you have placed your order. From the moment you contact us to the moment you receive your shipment, we are here to make sure you are satisfied.

At Ruby-Tech we offer competitive pricing for those hard-to-find, obsolete components as well as standard components. Ruby-Tech source also electro-mechanical, especially for the military.

## OBSOLETE COMPONENTS

Your Complete Solution to Semiconductor Obsolescence

Ruby Tech has the capability to provide you the most hard to find and discontinued semiconductors.

## COMPONENTS-DISTRIBUTION (ONGOING ITEMS)

Ruby Tech technical teams act as support groups that work closely with engineering and purchasing departments in the various electronic industries. Through our important international connections and stock capability, we can assure that you will receive competitive pricing, and immediate compliance when it comes to sudden demands.

Ruby Tech is proud of maintaining good sources for hard-to-find devices for the industry. Our purchasing professionals can find any item from the best possible international databases, suppliers and manufacturers. These sources have an international and domestic volume that enables Ruby Tech to offer you competitive pricing.
